

Facility Safety Rules

If you have or observe an emergency, please call 9-1-1 and notify a landfill employee at once.

Safety first! Anyone behaving in an unsafe or threatening manner, or driving recklessly, may be asked to leave the landfill. We reserve the right to refuse service to anyone who endangers the safety of our employees, or our customers.

All vehicles must yield to pedestrians. Keep an eye out for fellow customers, and our landfill spotter!

When dumping, be aware of moving landfill equipment and other vehicles, and maintain a safe separation distance of 10-15 feet.

Do not pass moving vehicles.

SCAVENGING AND SALVAGING IS PROHIBITED.

Obey all posted traffic and speed limit signs.

Speed limits for all onsite roads are 15 mph.

All loads of waste are subject to random inspection by landfill personnel.

All persons and vehicles enter Agency property, and the landfill, at their own risk. The Agency assumes no liability for bodily injury, personal injury, or property damage occurring while on Agency property.

All children, pets, and adults not involved in unloading shall remain inside the vehicle at all times. Children under 16 and pets are not permitted in disposal areas.

Smoking is strictly prohibited throughout the site due to the presence of flammable landfill gas, and gas wells.

Commercial customers shall wear high-visibility vests and/or hi-vis clothing while outside of their vehicle.

Any unattended vehicle abandoned at the landfill or along facility access roads will be towed at the owner's expense unless express written consent is provided by the site supervisor or their designee.

The Agency assumes no liability for damage occurring to vehicles, tires or trailers driven into the landfill. We offer a convenience area for disposal of small loads.
